

## ATAOHN CONTINUING EDUCATION DISCLOSURES

### **Commercial Interest/Conflict of Interest**

The Austin Texas Association of Occupational Health Nurses (ATAOHN) does not accept commercial endorsement or support for the continuing education (CE) programming provided by our organization. The selection of CE topics, the CE course content and the application fees related to the CE certification process are solely created, managed and funded by the ATAOHN Board, ATAOHN Continuing Education Committee, ATAOHN members and selected speakers.

There is no implied endorsement by the American Association of Occupational Health Nurses (AAOHN) or ATAOHN of any commercial product or off-label use of drugs presented by any speakers. When commercial support is accepted for ATAOHN meetings, it is for the purpose of providing a networking event, including but not limited to a meal, prior to or after a CE offering and not the CE offering itself.

Where conflicts of interest may be present, ATAOHN will work to minimize such conflicts and/or disclose those conflicts prior to CE events. To understand commercial support guidelines for CE events, please visit the Accreditation Council for Continuing Medical Education document at [http://www.accme.org/dir\\_docs/doc\\_upload/68b2902a-fb73-44d1-8725-80a1504e520c\\_uploaddocument.pdf](http://www.accme.org/dir_docs/doc_upload/68b2902a-fb73-44d1-8725-80a1504e520c_uploaddocument.pdf)

### **Requirements for Verification of CE Participation**

To earn CE credit, participants must be present for the entire CE program and be recorded on the CE roster. We recognize that life sometimes gets in the way of arriving on time or requires that you must leave early; however, we cannot provide partial CE credit. Participants arriving after the start of a CE presentation or leaving early are welcome to stay, listen and participate in any presentation discussion, but will not be awarded CE credit.

### **CE Presentation Courtesy**

Recording devices are not allowed unless prior approval has been obtained from the ATAOHN Continuing Education Committee.

Mobile devices including but not limited to cell phones, pagers, laptops, etc. should be turned off or, if needed for on-call response, placed in vibrate mode. We welcome our CE participants to enjoy their meal, when offered, during the presentation. However, we ask that participants refrain from seeking additional food/beverage or from clearing away food items until after the conclusion of the presentation to minimize disruption to the speakers and fellow CE participants.
